MIX-TAPE PILLOW – LARGE

Julianna Gasiorowska page 53

ASSEMBLY GUIDE – TEMPLATE A (LARGE) & TEMPLATE B (LARGE)

Lay out all your pieces, so you can see what order to put them together. Refer to the layout diagrams for final orientation of templates A and B.

Cut and join pieces one at a time. To join, trim the inside dotted red line from Edge 1 on the first piece. Overlap this edge with Edge 1 on the second piece. Glue or tape in place. Repeat until all edges are joined.

If using tape to join the pieces, make sure the tape does not go over any of the solid lines or this may gum up your machine while sewing.
